

THE NEW CN75/CN75E: ULTRA-RUGGED. ULTRA-POWERFUL. ANDROID AND WINDOWS.

We're sending you this message because our records indicate you purchased an Intermec CN70 or CN70e ultra-rugged mobile computer in the past.

Are you thinking about upgrading your mobile computer fleet? Honeywell would like to introduce you to our all-new CN75 series ultra-rugged mobile computer.

The CN75 series offers the same rugged durability as its popular predecessor – the CN70 series – and includes a faster processor, upgraded WLAN and WWAN, and the addition of the Android™ OS. They're also compatible with CN70 series accessories and peripherals.

The best part: The CN75 series supports both WEH 6.5 and Android 6.0. Not ready to switch to Android yet? Not a problem – continue to buy Windows units and do a field upgrade to Android when you are ready. Now that's investment protection.

RUGGED AND READY FOR YOUR BUSINESS TODAY – AND TOMORROW

We're sending you this message because our records indicate you purchased an Intermec CN70 or CN70e ultra-rugged mobile computer in the past.

The new Honeywell CN75 series ultra-rugged mobile computer – the latest addition to our popular CN70 series family – is designed to make upgrading to next-generation mobile technology easy and hassle-free. Extend your legacy investments in Windows® Embedded Handheld, while preparing for a future transition to Android™ – the CN75 series supports both.

And throughout the migration, take advantage of your current investments by continuing to use the same batteries, peripherals, accessories and software as before – no need to rewrite software or retrain your employees.

Is your business ready for today – and tomorrow?

MAKE THE SWITCH TO MORE: MORE POWER, MORE DURABILITY, MORE CHOICE

We're sending you this message because our records indicate you purchased an Intermec CN70 or CN70e ultra-rugged mobile computer in the past.

Windows® Embedded Handheld 6.5 is nearing its end of life. But you don't have to make the switch to Android™ now if your business isn't ready.

That's because Honeywell's new CN75 series ultra-rugged mobile computer supports both operating systems. Now your business has the option of extending your WEH6.5 investment, then seamlessly transitioning to the next generation with a simple field upgrade.

The CN75 series is just as rugged and durable as its popular predecessor – the CN70 series – but with a faster processor, upgraded WLAN and WWAN, and the addition of the Android™ 6.0 OS. Plus, the CN75 series is compatible with CN70 series accessories and peripherals, saving you money.

Is your business ready to make the switch?
