

# Enhanced Project Registration

Get Rewarded for Loyalty

The pinnacle of our success is created by champions who go the distance and set themselves apart from the competition. That's why we are proud to announce the all-new Honeywell Enhanced Project Registration Program. We want to reward YOU – our valued channel partners whose dedication is at the center of everything we do.

			Game. Set. Match. instant rebate	Qualify for enhanced project registration
	Captuvo SL22 & SL42	Transform a multitude of Apple® devices into an enterprise-ready devices that empowers your mobile team members to be more agile, efficient and productive – all while improving the customer experience. The Captuvo Enterprise Sleds equips your workforce with increased scanning throughput and protective housing for Apple® devices in a rugged environment.	\$25	
	CN51	Designed for a superior user experience, the CN51 Mobile Computer offers unparalleled versatility, allowing the choice of Windows® or Android™ operating systems on a single device coupled with a power-packed 1.5 GHz dual-core, multi-engine processor, 1GB RAM and 16 GB Flash for the highest degree of future-proofing capability.	\$100	Platinum: 10% off List
	CK3R & CK3X	Optimize your operations into an efficient, automated, and high-performing work environment with the CK3R or CK3X, the mobile computers you can count on to keep your workers running productively at full speed to deliver enhanced workflow performance. With high-performance, omni-directional scanning and industry-leading battery life, the rugged CK3R and CK3X Mobile Computer streamlines workflows and enhances the performance of your workforce. The CK3X has an optional field-installable RFID reader to adapt to your changing data collection needs.	\$100	Gold: 10% off List
	CK71	A true no-compromise solution. In addition to being 31% smaller and lighter than other form factors in its class, the CK71 mobile computer is optimized (IP67) for your warehouse and distribution environments with premium, industrial-grade materials. It's the perfect balance of ruggedness and duty cycle, even in the most extreme conditions.	\$150	Silver: 10% off List
	Thor VM1	The Thor VM1 vehicle-mount computer (VMC), the tenth generation of VMC developed by Honeywell, provides unprecedented flexibility, and with it, breakthroughs in supply chain productivity. The VM1 combines a fast 1.6GHz Atom Z530 processor, WWAN, WLAN, and Bluetooth® wireless connectivity, and a Microsoft® Windows CE 6.0 or Windows® Embedded Standard operating system	N/A	NBR: 7% off List
	Xenon™ 1902g	The cordless Xenon™ 1902g continues to redefine the standard for hand-held scanners. With its custom sensor that's optimized for aggressive barcode scanning, the Xenon series offers industry-leading performance and reliability for a wide variety of data collection applications, including improved screen-reading capabilities.	N/A	AR: NOT APPLICABLE
	Xenon™ 1902h	Best-in-class healthcare organizations looking to improve positive patient ID and meds admin workflows have a longstanding preference for Xenon™ healthcare scanners. The next-generation cordless Xenon™ healthcare scanner now offers features specifically requested by clinicians to further improve patient comfort and common clinician workflows.	N/A	Platinum: 10% off List
	Granit™ 1280i	The Granit™ 1280i wired laser scanner goes the distance, reading barcodes out to 16.5 m (54 ft) or as close as 8.9 cm (3.5 in). Built to read virtually all linear barcodes across a wide depth-of-field, the 1280i supports maximum worker productivity with its extended reading range, intuitive and configurable user feedback, and industrial ruggedness.	\$10	Gold: 10% off List
	Granit™ 1910i & 1911i	The Granit™ 1910i (wired) and 1911i (wireless) area-imaging scanners are optimized for demanding, arm's length scanning of 1D and 2D barcodes. They deliver exceptional performance. Class-leading durability, too, with an IP65 rating to meet the demands of a harsh working environment.	\$10	Silver: 10% off List
	Granit™ 1980i & 1981i	The Granit™ 1980i (wired) and 1981i (wireless) area-imaging scanners are capable of reading 1D and 2D barcodes from 15 cm (6 in) to 15 m (50 ft). They're packed with technologies that make them easy to use and take the guesswork out of scanning at extended ranges. And Granit 1980i and 1981i scanners are IP65 rated to withstand harsh environments.	\$10	NBR: 10% off List
	PC23, PC43d & PC43t	For light volume labeling applications that require a small footprint and big value, the PC Series desktop printers offer the right features to meet your needs. Highly intuitive, flexible and smart, Honeywell's lineup of desktop printers are the easy choice for a wide variety of light duty labeling applications.	\$30	AR: NOT APPLICABLE
	PM43 & PM43c	The PM43 mid-range industrial label printer (and the more compact PM43c) delivers fast, drop-in deployment, advanced connectivity, and proven reliability to maximize uptime.	\$70	Platinum: 15% off List
	M-Class	The M-Class is a compact, industrial-strength printer that offers outstanding value with a broad range of features. The smaller footprint is ideal when users need the power of industrial printers but must consider space limitations. The M-Class has proven to be the perfect solution for warehouse, healthcare, logistics and retail applications. The modular design of the M-Class makes maintenance and part replacement easy, and the flexible design allows for a variety of options to be upgraded in the field.	\$80	Gold: 15% off List
	I-Class Mark II	I-Class Mark II is a family of mid-range industrial barcode printers designed for a wide variety of industrial applications with a range of media compatibility, connectivity, emulation support and options. I-Class Mark II offers a complete range of printers with 203-, 300-, and 600-dpi models and represents a compelling value in the mid-range industrial printer class.	N/A	Silver: 15% off List
	H-Class	The H-Class is a rugged and versatile printer that offers one of the most feature rich solutions for dynamic enterprise applications and is twice as fast as other printers in its class. The H-Class is ideal for high volume label printing in manufacturing, warehouse, transportation, and high resolution labeling. H-Class reduces the total cost of ownership with its gear driven design to provide rugged and reliable performance for 24X7 mission critical services.	\$90	NBR: 15% off List

*The Honeywell Enhanced Project Registration Program rewards Registered Performance Partners with additional project registration discounts on purchases of qualifying mobile computers, handheld scanners, and printers during the promotional period.*

## RESELLER TERMS & CONDITIONS:

This enhanced project registration rebate program is valid and available to all resellers in United States and Canada only.

Any new Project Registration created between October 3, 2016 to December 31, 2016 is eligible for the Enhanced Project Registration Rebate.

Reseller will receive the appropriate rebate shown in the table above on all qualifying SKUs under Enhanced Project Registrations that ship by December 31, 2016 in addition to the Game. Set. Match. instant rebate where applicable.

Honeywell Performance Partner discount, Enhanced Project Registration (PR) discounts and Game.Set. Match. instant rebates can be combined, but Price Exceptions (PE) cannot be combined with the promotional rebate pricing. This enhanced rebate cannot be combined with any other rebate or trade-in pricing instant rebates that have been offered directly to an end user or to/through a reseller.

The reseller will receive the rebates in the form of an instant rebate (price reduction) at the time of purchase from the distributor.

The reseller should contact their preferred distributor e.g. BlueStar, Ingram Micro and ScanSource for promotional rebate pricing.

The reseller's account must be current and in good standing to receive the promotional rebate price.

Standard payment terms and all other standard terms and conditions apply.

Honeywell has the right to change, cancel, modify, or end this rebate offer without prior notice.

All rebate amounts are in USD.
