

Increase efficiency and patient confidentiality Intermec solutions designed to meet all your needs.

Patients want more services and increased flexibility while Medicare and insurance companies are squeezing you to keep costs down. You need worry-free solutions that increase operational flexibility, efficiency, patient confidentiality and save hundreds of staff hours annually.

Offices and clinics of medicine can achieve this with specific bar code labeling solutions that adapt to increasing regulations and work with your existing systems and technology. It's because of our extensive knowledge of healthcare regulations, applications and processes that organizations look no further than Intermec for safe, effective bar code and tracking solutions.

Partner Name and Intermec bring you variety of solutions designed to create and maintain an error-free records system and keep patient records and confidential information safe and secure. We can help you implement specific solutions to easily and accurately bar code patient charts, medications and records, and ensure correct specimen to patient relationships to reduce errors and increase patient safety.
