

PC43d Desktop Printer

SuperFlexible. SuperIntuitive. SuperEasy. Introducing printers so awesome, you might need a cape.

Meet the new PC43d: Fastest thermal printer in its class – watch those shipping labels fly. The most connectivity options. Super-simple set-up in minutes. A complete series of obvious-to-install accessories. The PC43d is the only desktop printer that communicates using intuitive, universal icons and ten languages, ensuring that anyone can resupply it in a snap. Give your customers the SuperEasy PC43d and they'll know who the real superhero is.
